

Classroom Without Walls Interim Report 30th May 2016

I am very pleased to announce that since January 2016, ISC has engaged in over 23 learning experiences in conjunction with our Classroom Without Walls project. This funding has allowed us to create local partnerships with schools within our community and expand our network to schools in the region in Ljubljana, Udine and Trieste. We will be closing out the school year with Sports Days with Danila Kumar International School in Ljubljana, Slovenia and Udine International School in Udine, Italy. Below, you can find a comprehensive list with many links to all the learning experiences through our Classroom Without Walls project since January.
